

## **China project – Law Consulting**

### **Customer:**

A middle-class commercial enterprise

### **Initial situation:**

The enterprise sought advice with regard to the design of a trade agreement, which corresponded to legal considerations both in China and in Germany. It contacted us since most German lawyers did not know about Chinese law.

Draft of a German-Chinese contract

### **Procedure:**

Our German lawyers designed a contract in cooperation with our Chinese lawyers in Germany and China which covered the individual risks of the customer like liability, and terms & conditions in the best possible way.
